	Rating:	Commentary:	
RP01	2 - Refined Parcel boundary is weak but can be identified and there is no development present	Refined Parcel RP01 forms part of Babbs Mill Park (Local Nature Reserve) which also contains Babbs Mill Lake. By virtue of its designation as a LNR the parcel is undeveloped. The boundary is weak and not easily identifiable. The parcel is also contained by the urban area.	2
RP02	0 - Refined Parcel is already developed and/or it within the urban area with no clear boundary	Refined Parcel RP02 boundary is not easily identifiable and contains the Pavilion Sports Club and allotments. The parcel is also contained by the urban area.	0
RP03	2 - Refined Parcel boundary is weak but can be identified and there is no development present	Refined Parcel RP03 boundary is weak at it's border with properties on Conway Road and Forth Drive. By virtue of its designation as Meriden Park and the presence of the River Cole the parcel is undeveloped. The parcel is also contained by the urban area.	2
RP04	3 - Refined Parcel boundary is clear identifiable/durable and there is no development present	Refined Parcel RP04 boundary is clear and robust (M6 motorway to the east, A452 Chester Road to the west and B4114 Birmingham Road to the north) and there is no development present	3
RP05	2 - Refined Parcel boundary is weak but can be identified and there is no development present	Refined Parcel RP05 boundary is clear to the north at Moorend Avenue and to the south at Colehill Road but is less clear at its boundary with Sycamore Crescent, Wagstaff Way and Wavers Marston. The parcel is also contained by the urban area.	2
RP06	2 - Refined Parcel boundary is weak but can be identified and there is no development present	Refined Parcel RP06 northern boundary is weak but is more clear and robust at Alcott Wood	2
RP07	2 - Refined Parcel boundary is weak but can be identified and there is no development present	Refined Parcel RP07 northern boundary is weak adjoining the rear of residential properties. Other boundaries are clear and more robust including Coleshill Heath Road and Bickenhill Road to the east and south.	2
RP08	2 - Refined Parcel boundary is weak but can be identified and there is no development present	Refined Parcel RP08 boundary to the east is weak bordering Birmingham Business Park but is stronger at its boundary with Coleshill Heath Road. There is no development present within the Refined Parcel.	2
RP09	3 - Refined Parcel boundary is clear identifiable/durable and there is no development present	Refined Parcel RP09 boundary is clearly identifiable and robust. The parcel is bounded by the M42 motorway to the east, the A452 Chester Road to the west and Coleshill Heath Road to the north. No development is present within the parcel.	3
RP10	1 - Ribbon/other development is already present and/or other development is detached from the existing built-up area with no clear boundary	Refined Parcel RP10 boundaries are weak including where it adjoins Birmingham International Park and properties on Somerton Drive and Farndon Avenue. A small number of residential properties are also present within the Refined Parcel along Bickenhill Road.	1
RP11	0 - Refined Parcel is already developed and/or it within the urban area with no clear boundary	Refined Parcel RP11 is already developed and contains a large number of residential properties along Blackfirs Lane and Bickenhill Lane which are detached from the surrounding built-up areas.	0
RP12	3 - Refined Parcel boundary is clear identifiable/durable and there is no development present	Refined Parcel RP12 boundaries are clear and durable by virtue of its woodland character.	3
RP13	1 - Ribbon/other development is already present and/or other development is detached from the existing built-up area with no clear boundary	Refined Parcel RP13 boundaries are clearly identifiable as the A45 to the south, M42 to the west and A452 Chester Road to the east. The boundaries are robust and durable. However, there are some residential properties which are detached from the urban area.	1
RP14	1 - Ribbon/other development is already present and/or other development is detached from the existing built-up area with no clear boundary	Refined Parcel RP14 boundaries are clear to the north at the A45 dual carriageway and to the east at Damson Parkway. Woodland forms the boundary in the north west corner and southern edge at Land Rover. However, the boundaries at the north west peninsula of the parcel are not clearly identifiable and are not robust with residential gardens forming the boundary. Development associated with Land Rover has also encroached.	1
RP15	3 - Refined Parcel boundary is clear identifiable/durable and there is no development present	Refined Parcel RP15 boundaries are clearly identifiable as A45 Coventry Road to the north, Damson Parkway to the west and the Grand Union Canal to the south. The eastern edge of the parcel adjoins Broad Area BA05. No development is present within the parcel.	3
RP16	3 - Refined Parcel boundary is clear identifiable/durable and there is no development present	Refined Parcel RP16 northern boundary is clearly identifiable as A45 Coventry Road to the north and is therefore durable. This parcel performs a role in preventing the sprawl of Birmingham International Airport from the north of the A45.	3

RP17	1 - Ribbon/other development is already present and/or other development is detached from the existing built-up area with no clear boundary	Refined Parcel RP17 boundaries are clearly identifiable as the M42 motorway and A45 Coventry Road to the east and north respectively. This parcel performs a role in preventing the sprawl of Birmingham International Airport from the north of the A45. However, ribbon development is already present along Church Lane.	1
RP18	1 - Ribbon/other development is already present and/or other development is detached from the existing built-up area with no clear boundary	Whilst the railway line provides a clear boundary to the south of Refined Parcel RP18 it contains ribbon development along the length of Old Station Road.	1
RP19	2 - Refined Parcel boundary is weak but can be identified and there is no development present	Refined Parcel RP19 boundary with Hampton in Arden is relatively weak but is identifiable and is formed by field boundaries meeting with the rear of residential gardens. The parcel is not developed.	2
RP20	1 - Ribbon/other development is already present and/or other development is detached from the existing built-up area with no clear boundary	Refined Parcel RP20 eastern boundary is weak and is not easily identifiable.
