

Print from home service

If you don't have a printer at home, you can send a document through our webpage and collect it from the library.

The cost is the same as printing within the library, and colour printing is available too – however, only single-sided printing is available.

You do need to be a library member but if you aren't, you can join online to use it.

A small, low-resolution version of the login form shown in the larger image below, positioned over a background of a yellow sphere with a blue ring.

Solihull Libraries Cloud Printing

Please enter your login details and select a site.

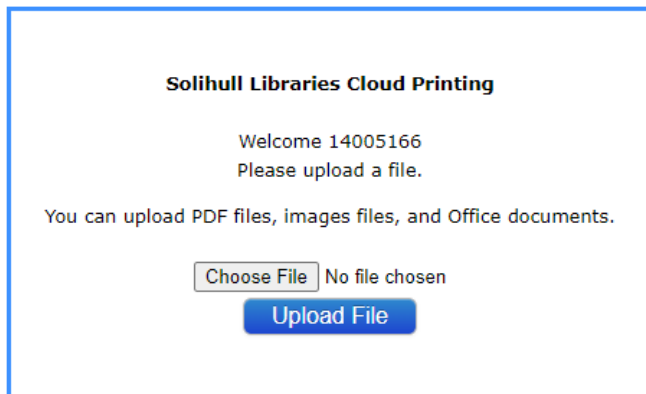

Username

PIN

Library

Log in with your library membership number and PIN – online membership numbers do work with this service, you can join online at <https://solihull.spydus.co.uk>

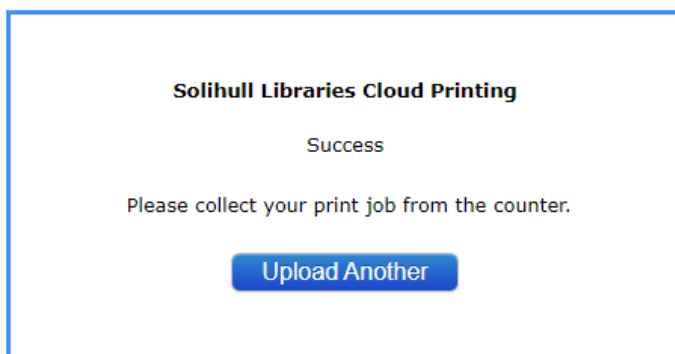

You can also reset your PIN at that address.

Upload one or more documents to the cloud.

The default is a single copy but staff can change this when received to do multiple copies.

Prints are single-sided

Collect your documents from the library, they are saved for 5 days before deletion.

Payment is made in cash when collecting the document, the opening hours are...

We can also print selected pages of your choice, and also change your choice of black and white to colour and vice versa.

You would only pay for what you need

Please do allow time for large print jobs to print within the library opening hours

There are no device restrictions, you can print pdfs, images or Office files
