

Solihull Metropolitan Borough Council

Annual Infrastructure Funding Statement

For

Community Infrastructure Levy and Section
106

Reporting Period:

From 01 April 2022 to 31 March 2023

1. Introduction

The Infrastructure Funding Statement (IFS) is a report required to be published annually. It provides a summary of the financial and non-financial developer contributions relating to Section 106 Legal Agreements (S106) and the Community Infrastructure Levy (CIL) within Solihull for a given financial year.

It also includes a statement of infrastructure projects that Solihull MBC intends to be, or may be, wholly or partly funded by CIL.

Throughout the IFS there will be references to the following definitions:

- Agreed – Contributions that have been agreed within a signed legal document. These contributions have not been collected/delivered and if the planning applications are not implemented, they will never be received.
- Received – Contributions received, either non-monetary or monetary that have been transferred to Solihull Metropolitan Borough Council (SMBC)
- Spent/ Delivered – Monetary or non-monetary contributions that have been used as intended, either by spending the allocated funds or completing the contribution as agreed.
- This Financial Year - unless stated otherwise, this refers to the period 01/04/2022 – 31/03/2023.

2. Section 106 Matters

2.1. Obligations Agreed:

- a. The total amount of money to be provided under any planning obligations which were entered into during the reported year is £1,964,428.49. This figure does not consider indexation (inflation/deflation) that may be applied when the money becomes due.

During the reported year the following non-monetary contributions have been agreed under planning obligations:

- b. The total number of affordable housing units agreed is 0.
- c. The total number of education provisions agreed under S106 agreements in the reporting year is 0.

2.2. Funding Received:

- a. The total amount of money received from S106 planning obligations during the reported year is as follows:

INFRASTRUCTURE/SERVICE TYPE	AMOUNT RECEIVED
OFF SITE AFFORDABLE HOUSING	£50,076
EDUCATION	£1,329,070
HEALTHCARE	£28,812.86
HIGHWAYS¹	£100,000.00
BIODIVERSITY	£36,630
ENVIRONMENTAL MONITORING²	£112,648.15
TOTAL	£1,657,237.01

¹ This does not include other planning obligations including S278 and S38 highways agreements.

² This includes carbon monitoring, noise monitoring in relation to Birmingham International Airport

It is worth noting that there will be a lag between the money being collected and it being spent, and this will be dependent upon the development and nature/extent of the contribution. For instance, significant contributions to enhancing education provision within the vicinity of a development site may need to be the subject of a consultation exercise in order to ensure that the funds are directed towards the most appropriate establishment.

2.3. Funds Spent & Projects Completed:

- a. The total amount of money from planning obligations spent during the reported year was £2,649,180.65.
- b. In relation to money which was spent by Solihull Metropolitan Borough Council during the reported year, the items of infrastructure that planning obligation money has been spent on and the amount spent include the following³:

INFRASTRUCTURE TYPE	AMOUNT SPENT	PROJECTS DELIVERED & COMMITTED
AFFORDABLE HOUSING	£21,500	<ul style="list-style-type: none"> • Enabling the provision of affordable housing
HIGHWAYS	£331,193.10	<ul style="list-style-type: none"> • Completion of the Blythe Valley Park to Monkspath Active Travel Route • Contribution towards Fillongley Road Bridge • Greening the Grey Cycle Path Contribution

TOTAL		73

- d. A total of 360 school places are being provided using S106 funding this year. 150 places at Alderbrook Secondary School and 210 places at Cheswick Green Primary School with S106 funding providing all or part of the project. The funding is providing extended accommodation at both school sites to meet additional demand. Places are provided to meet pupil demand, so place delivery does not necessarily fit with financial year funding.

3. Community Infrastructure Levy Matters

Community Infrastructure Levy Regulations (2019 Amendment) Regulation 121A Schedule 2 Section 1

- a. Once CIL receipts are received, the monies are divided into three areas: -
- **Strategic CIL** - which is to be spent on large scale, strategic infrastructure across the Borough.
 - **Neighbourhood Proportion** – this is passed directly to the Parish Council where the development takes place and can be up to 25% of the total CIL Receipts where a

Neighbourhood Plan exists. Parishes without a Neighbourhood Plan will receive 15% (capped at £100 per existing Council Tax Dwelling). Where the Levy is collected in areas without a Parish, monies are held within a Ward allocation, with the responsibility for spending held with the Charging Authority.

- **Administration Expenditure** – up to 5% of all CIL receipts are retained for administration costs for the Levy.
- b. The total value of demand notices issued in the reported period is £2,171,657.07. Demand notices are issued upon commencement of development. The balance due is collected in accordance with the approved Charging Schedule and instalment policy (which may mean that balances are not collected immediately).
- c. Of total value, the amount from Liability Notices (liable floorspace after any relief that has been granted) is £5,430,240.14. This provides an estimate of what may be collected if the planning permission is implemented.
- d. The total value from surcharges imposed due to breaches of the Community Infrastructure Levy Regulations is £37,581.80 and the total value of the late payment interest accrued is £0.00.
- e. The total amount of CIL collected within the reported period totals **£1,074,073**.
- f. The amount of CIL collected prior to the reported period totals £8,524,210. The following table sets out the total CIL receipts since the levy was introduced in 2016⁴:

Year	STRATEGIC FUND	NEIGHBOURHOOD FUND	ADMINISTRATION FUND	ADMIN AS PERCENTAGE OF TOTAL	TOTAL RECEIPTS
2016/17	£222,944	£41,802	£13,934	5.00%	£278,680
2017/18	£698,387	£130,578	£43,521	5.00%	£872,486
2018/19	£1,265,527	£236,657	£78,035	4.94%	£1,580,219
2019/20	£2,447,980	£451,217	£152,590	5.00%	£3,051,787
2020/21	£902,687	£192,758	£57,146	5.00%	£1,152,591
2021/22	£1,241,163	£268,468	£78,816	5.00%	£1,588,447
2022/23	£863,438	£160,344	£50,291	5.00%	£1,074,073
Total	£7,642,126	£1,481,824	£474,333	5.00%	£9,598,283

- g. The total CIL expenditure recorded for the reported period is as follows:

TYPE	EXPENDITURE
ADMIN CIL	£50,291
NEIGHBOURHOOD CIL ⁵	£97,887
CIL LAND PAYMENTS	£0.00
OTHER CIL CASH	£0.00
TOTAL VALUE	£148,178

⁴ Rounded to the nearest GBP

⁵ Total spent by Parish Councils. This does not include collected funds that are yet to be spent.

- h. The amount of CIL collected towards administration expenses is £50,291. This was 5% of the total CIL receipts collected in the reported period.

Solihull Metropolitan Borough Council has set a collection percentage of 5.00%. The percentage taken may differ due to land payments (including payments in kind and infrastructure payments) not being allocated to administration expenses, surcharges and late payment interest not being split with Neighbourhood Areas.

- i. The total amount of CIL passed to a neighbourhood zone under Regulation 59A (collected on behalf of the neighbourhood zone in cash), cash collected and allocated towards Neighbourhood CIL, and 59B (cash provided by the Charging Authority to Neighbourhood Zones equivalent to what they would have received on a payment in kind), are as follows:

PARISH	ALLOCATION DATE	AMOUNT TRANSFERRED
BALSALL	April 2022	£2112.15
BICKENHILL AND MARSTON GREEN	April 2022	£565.90
CHESWICK GREEN	April 2022	£6970.09
DICKENS HEATH	April 2022	£5178.51
TIDBURY GREEN	April 2022	£5351.46
BALSALL	October 2022	£2112.21
BICKENHILL AND MARSTON GREEN	October 2022	£980.37
DICKENS HEATH	October 2022	£8942.58
HAMPTON IN ARDEN	October 2022	£2925.34
MERIDEN	October 2022	£1588.01
TOTAL		£36,726.62

- j. In non parished areas the amount awarded to groups who have successfully bid for 2022 NCIL funding from ward pots was £242,257⁶. In the current monitoring year, the amount of money transferred to groups who had successful bids is £32,507⁷.
- k. The total amount of CIL that was collected in areas without a parish council⁸ under Regulation 59F (collected on behalf of the neighbourhood zone in cash, where no local council is in place to manage the levy) that was available for bidding under the approved NCIL bidding process is as follows:

WARD AREA	AMOUNT AVAILABLE
BLYTHE	£13,557
DORRIDGE AND HOCKLEY HEATH	£0 ⁹
KNOWLE	£0 ⁹
LYNDON	£18,891
ELMDON	£0 ⁹
OLTON	£0 ⁹
SHIRLEY EAST	£0 ⁹
SHIRLEY SOUTH	£80,192
SHIRLEY WEST	£27,171

⁶ This figure is the amount that was awarded. Due to a delay in the 2022 bidding round, all successful bids were paid post March 2023 and will therefore be included in next year's monitoring period.

⁷ This relates to the funding of 2 successful bids from the 2021 bidding round that were paid post March 2022 and are therefore included in this year's monitoring period.

⁸ This includes funds 'rolled over' from previous years that were not allocated.

⁹As the fund has not exceeded £10,000

SILHILL	£81,244
ST ALPHEGE	£32,407
TOTAL	£253,462

- I. The amount of CIL spent by Parish Councils during the reported year under Regulation 59C during the reported year is as follows:

INFRASTRUCTURE	NEIGHBOURHOOD ZONE	AMOUNT
VILLAGE HALL CLADDING	Chadwick End Parish Council	£26,252
INSTALL OUTSIDE ELECTRIC POINT VILLAGE HALL	Cheswick Green Parish Council	£1,105.28
BASES AND INSTALLING 6 BENCHES - VARIOUS LOCATIONS	Cheswick Green Parish Council	£1,640
ROTATION OF SPEED SIGN	Cheswick Green Parish Council	£503.23
ROTATION OF SPEED SIGN	Cheswick Green Parish Council	£503.23
4 NOTICE BOARDS	Cheswick Green Parish Council	£2,600
ROTATION OF SPEED SIGN	Cheswick Green Parish Council	£503.23
PUBLIC OPEN SPACE EQUIPMENT REPLACEMENT	Dickens Heath Parish Council	£19,780
FESTIVAL COMMITTEE – NEW MARQUEE	Hampton-in-Arden Parish Council	£2,200
CATHERINE-DE-BARNES VILLAGE HALL TRUST – PLAY AREA	Hampton-in-Arden Parish Council	£36,000
GEORGE FENTHAM ENDOWED SCHOOL – PLAY EQUIPMENT	Hampton-in-Arden Parish Council	£3000
NOTICE BOARD REPAIRS	Tidbury Green Parish Council	£300
BINS	Tidbury Green Parish Council	£3,500
TOTAL		£97,886.97

- m. The amount of CIL still outstanding for recovery under Regulation 59E at the end of the reported year for all years is £0.00.

4. Planned expenditure (2023/2024 and beyond)

This section sets out how CIL and S106 income will be spent and prioritised over the next reporting period (as per the requirements set out in relevant planning practice guidance and the CIL regulations).

As a result of changes to the regulations, CIL is no longer restricted to strategic infrastructure projects identified in the Regulation 123 List. Local Authorities are now required to publish annual Infrastructure Funding Statements (IFS) as a result of new regulations. They are annual statements

published each year on the Council's website and replace the CIL income monitoring and Regulation 123 list.

Strategic CIL

The Council is at a key point with its new Local Plan, currently at Examination stage, which will set out its strategy for development in the Borough to 2037. As part of the process the authority's Infrastructure Delivery Plan (IDP) has been completed. The IDP provides a baseline of the existing infrastructure capacity and needs in the Borough and it will highlight the infrastructure requirements needed to support the predicted growth set out in the Local Plan. The IDP is an evolving document, that can develop and flex to identify infrastructure requirements as they arise in the future. It is envisaged that Strategic CIL funds will support the delivery of the IDP and will enable any spending to be focused on key infrastructure needs that will unlock potential growth.

Governance arrangements for the spending of the Strategic CIL fund were adopted by Cabinet on 13th July 2017 as part of the Growth and Development Investment Plan.

The Growth & Development Investment Plan serves a dual purpose in its relationship to the IDP; it (a) helps inform what infrastructure is necessary to support the growth aspirations in the plan and (b) provide a delivery mechanism for both the currently known infrastructure requirements and those that will identified as the Local Plan progresses. The allocation of Strategic CIL monies will be considered for appropriate projects, this will be considered and endorsed by the Growth and Development Programme Board and, in accordance with Financial Standing order, be reported to Full Cabinet for approval as appropriate.

By its very nature, strategic infrastructure is likely to include more expensive projects and therefore there is some benefit in allowing the Strategic CIL fund an opportunity to accrue so that it can make a significant and meaningful contribution to an appropriate project. This is particularly relevant in the context of the review of the Local Plan noted above.

Neighbourhood CIL

Cabinet has delegated responsibility for this spending to the Cabinet Member for Communities and Leisure. This governance of spend has been in place for five years, starting in 2019. After agreeing a process and scoring matrix in January 2019, decisions on allocations will be made at Communities and Leisure Cabinet annually. Some examples of projects that have been funded (both through Parish Council governance and NCIL bidding) are:

- Cultural spaces and cafes;
- Improvements to streets and local green spaces;
- Youth facilities;
- Public realm works (e.g. street furniture);
- Skills and training hubs (e.g. digital technology); and
- Security measures to reduce crime and anti-social behaviour (e.g. CCTV).

Neighbourhood CIL allocations will continue on an annual basis in all wards that are not located in Parished areas. SMBC will continue to work with Parish Councils to provide guidance on the appropriate spend of the levy.

Section 106

S106 funding must be spent in accordance with the terms of the legal agreement (as part of the planning application process). The heads of terms can include a clause to spend the S106

contribution between five and ten years of the agreement. S106 funding is more closely tied to the phasing of development set out in the terms of the legal agreement. S106 income varies on a site-by-site basis depending on a range of factors, such as the viability of development and site-specific considerations. This makes it difficult to forecast future S106 income and expenditure.

Details of planned S106 expenditure across each main spend area are set out below. Much of the planned spending is focussed on small-scale improvement works to directly mitigate the impact of development; for example:

- Primary and secondary education provision
- Public transport contributions, including bus services
- Biodiversity offsetting and enhancement schemes
- Offsite affordable housing contributions
- Highways contributions including traffic management, traffic calming and traffic signals
- Sustainable travel and travel planning
- Local healthcare provision
- Local green space and parks enhancement and installation

In terms of the unallocated remaining balances, careful consideration will be given to how to allocate monies according to the legal definition within the corresponding S106 agreements as well as the wider funding and policy context. Spending levels will need to be closely monitored to take account of changing priorities and the phasing requirements of development that arise from the current Solihull Local Plan 2013 and the Solihull Local Plan: Draft Submission Plan October 2020.

Many of the S106/CIL projects will be identified and prioritised through the IDP. The IDP was published as part of the evidence base for the Draft Submission Plan consultation in October 2020. The IDP is a live document and includes an Infrastructure Schedule of proposed schemes that will support growth and development in the Borough, as well as meet sustainability objectives such as low carbon initiatives and biodiversity gain. As the IDP progresses, relevant projects can be incorporated within the Infrastructure Funding Statement.
